

GROW A ROW

Dear Gardener,

Hunger is on the rise in our community. In Idaho, one in six residents is food “insecure” — 95,150 of whom are children. While many food pantries and the Idaho FoodBank are working hard to combat this issue, the availability of fresh produce for some families is scarce.

You can help! Your participation in the Grow a Row program will support food distribution centers by providing fresh produce grown in YOUR backyard to the many families in need in our community.

In this packet you will find the tools and resources needed to Grow a Row, including:

- Seeds for planting
- Planting and gardening tips
- A seed planting guide
- Local gardening class schedules and information
- A distribution list for local food pantries and community centers in your area

Additional information and resources will be available throughout the growing season, and can be found on the Let’s Move Boise website at www.letsmoveboise.com or through our Facebook page.

We appreciate your commitment to help children and adults in our community who need your support. Thanks to you, more families will have access to healthy fruits and vegetables.

Sincerely,

GOT VEGGIES? Check out our food pantry list to donate to families in need.
